

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

to vaccination. The woman came here from Pensacola (her story) on the 3d instant, and claims that she contracted the disease from her brother, who "died of black measles, or consumption, about two weeks ago."

A case of modified smallpox was discovered in a colored man about June 5 (while I was absent), which was sent to the pesthouse and has recovered.

The Mobile and Mobile County record now stands, 8 cases : 2 died, 5 recovered, and 1 remaining.

Very respectfully,

R. D. MURRAY,  
Surgeon, U. S. M. H. S.

*Three cases of smallpox in Shelby County, Tenn., during June, 1896.*

NASHVILLE, July 11, 1896.

SIR: For the month ended June 30, I would report only 3 cases of smallpox as occurring in Tennessee. These cases were reported from Shelby County, and were colored.

Very respectfully,

J. BERRIEN LINDSLEY,  
Secretary and Executive Officer, State Board of Health.

*Smallpox in the United States as reported to the Supervising Surgeon-General United States Marine-Hospital Service, May 9, 1896, to July 23, 1896.\**
